Katie Houghton, Head of Sales, IHM

Boutique Hotel News (BHN) is the leading international brand for the burgeoning boutique, luxury and lifestyle hotel market. The sector has seen an intense recent focus from major hotel groups and institutions/investors alike, as they look to win market share from the pioneering independents who continually raise the bar for properties with character, design and an experiential offer. BHN has an e-database of 16,500+ opt-in subscribers and a global digital reach of over 70,000 interactions each month and a broad content offer of news, features, interviews, webinars and podcasts.

Launched in 2013, **Serviced Apartment News (SAN)** is the number one resource for the global serviced apartment, aparthotel and extended stay sectors. The undisputed shining star of the hospitality industry during the pandemic, this sector is reaping the rewards of its pandemic performance in the form of increased investor interest, and a renewed and enlarged future pipeline from major hotel groups and new entrants alike. SAN offers news, features, podcasts and webinars, along with the parallel ENGAGE! Events for the corporate travel buyer community. The site has an international digital audience of over 30,000 every month (including e-mail, website views and social media).

Short Term Rentalz (STRz) is the newest of our hospitality brands, launched in 2018 to provide a comprehensive b2b information source for the fast-growing short term and vacation rental sectors. The brand covers the entire spectrum of the industry, from Airbnb to niche local property managers and all inbetween. The hugely successful recent Airbnb IPO is testament to the vibrancy and growth potential of the industry. STRz has a global digital reach of over 40,000 every month (including e-mail, website views and social media) and offers a range of content including news, features, podcasts and webinars.

Urban Living Festival (ULF) is rapidly becoming the go-to source for the latest industry comments and opinion across hotels, serviced apartments, BTR, student housing, co-living, assisted living and co-working. Launched in March 2020, our webinar series has attracted 7,500+ quality registrations already.

“In a time when our industry has never faced such challenges, the IHM team has been a welcome source of positivity – keeping the industry informed and connected (both digitally and physically, where possible), while boosting spirits in the process. During a brief hiatus of more severe lockdown measures in September, we had the privilege of co-hosting a small socially-distanced conference at our latest opening, Bermonds Locke. Not only was the discussion relevant and informative, the calibre of guests were exceptional, and all were highly engaged and hopeful for the future of hospitality. We look forward to working with IHM in the future and want to express our appreciation for their support of our team, brands and the wider industry.”

" Clients do not remember sales pitches, they remember thought-leading moments "

Piers Brown, CEO, International Hospitality Media

“

I have been really impressed with the partnership approach IHM take to working and delivering for their clients, going above and beyond to ensure they deliver. Throughout the pandemic they have been very active and engaged in their marketplaces and provided valuable insights and quality opinions through their various platforms. We have recently been sponsoring a webinar series and the quality of the speakers and moderation, coupled with the great opportunities for brand exposure and the attendees they attract is excellent.”
